At Mindworx we know that human capital is the beating pulse of your business. That's why for more than 15 years, we've developed and refined clever strategies that create meaningful connections for our clients' businesses and candidates' careers. We offer executive search both in South Africa and throughout sub-Saharan Africa, as well as contingent and contract placements. We know our clients and we know our candidates. We are invested in their success, believe in positive long-term partnerships and are committed to growth, development and transformation.

We source specialist scarce-skilled candidates from middle management to C-suite functions across industry sectors in public and private sector organisations in South Africa and across the continent.

"We recognise that staffing solutions can only be designed through a collaborative approach and take time to understand the context of every placement, both technically and culturally."

Resourcing offering:

Retained and exclusive permanent placements -
in SA and rest of Africa.

Contingent placements –
fees paid for candidates successfully placed.

Fixed term contracts -
flexible staffing solutions for innovation and large-scale change projects.
